International conference on river
connectivity best practices and innovations

Groningen (The Netherlands) / June 22-24, 2015

We are happy to announce that the registration of the Fish Passage Conference 2015 is officially OPEN!

Don't miss your chance; go visit our site and upload your abstracts, propose sessions, and register for the conference, an excursion and/or one of our [special courses](#).

This conference is the 5th installment in this conference series, but will be held for the first time in Europe, in the city of Groningen, The Netherlands. We already have over 20 [sponsors](#) at various levels and are expecting hundreds of researchers, educators, practitioners, funders and regulators from across the globe to take part in this exciting international conference.

We are arranging the attendance of a number of high-level representatives from government and [special guests](#) and will have the honor to welcome the Dutch Minister of Infrastructure and the Environment, Ms Schultz van Haegen-Maas Geesteranus, who will be officially opening the FP2015 conference.

Furthermore, we are busy developing an impressive program with top experts in dam removal, fish passage, river restoration, ecohydraulics, biology and much more. The program will also include excellent opportunities to network with experts and specialists.

It is with great pleasure that we invite you to the Fish Passage conference 2015! We sincerely hope to see you in Groningen and wish you many interesting, informative, and special moments during your stay.

Visit www.fishpassageconference.com for more information and check out our [new poster](#). Feel free to print your poster, hang it up, spread it around and help us create a buzz.

Please note [important dates and deadlines](#). If you have any questions, please send an email to fishpassageconf@gmail.com.

On behalf of the Organizing Committee,

Kind Regards,

Herman Wanningen and Olle Calles
Key Coordinators of the FP2015 Conference
