

YOU ARE INVITED TO ...

A Time of Opportunity – Sustainable Food Security and Resilient Communities in a Changing Climate
Conference

When: 14-17 April 2015

Where: Bingu International Conference Centre, Lilongwe, Malawi

World Vision Malawi and World Vision Australia, in partnership with the World Agroforestry Centre (ICRAF), are excited to announce a second 'Beating Famine' conference in April 2015, leading on from the success of the first Beating Famine conference held in Nairobi, Kenya in April 2012. Showcasing leading global land restoration techniques and with an international delegation of world class speakers, register for the event at the Beating Famine website!

The conference provides a platform to

- To stimulate stakeholders' awareness and action to adopt cost effective high impact techniques to address food insecurity.
- To build resilience and create robust productive farming systems in a changing climate.
- To share learning and best practices to beat famine.

An unmissable event featuring an international delegation of speakers - register now @ www.beatingfamine.com
