FAO in Geneva - One Health Dialogue Series

One Health and Agri-Food Systems

...an Introduction

Wednesday 3 November 2021, 15:00 – 16:30 (CET)

[REGISTRATION](#)

One Health** is an integrated, unifying approach that recognizes that the health of humans, animals, plants, and our ecosystems are closely linked and inter-dependent. **Agri-food systems** are both impacting and impacted by human, animal, plant and environment health. **They are an integral part of the One Health approach.

- Ms Maria Helena Semedo**, Deputy Director-General, Food and Agriculture Organization
- Remarks by Dr Zsuzsanna Jakab**, Deputy Director-General, World Health Organization
- Remarks by Dr Jean-Philippe Dop**, Deputy Director-General, World Organisation for Animal Health
- Representative TBC**, United Nations Environment Programme
- Representative TBC**, Permanent Representation of the USA to the UN in Geneva
- Mr Keith Sumption**, Chief Veterinary Officer, Food and Agriculture Organization

Moderator: **Mr Dominique Burgeon**, Director – FAO Liaison Office in Geneva.

A few short presentations will be followed by a moderated discussion with active participation from Geneva Permanent Representations and country-based intervenors.
