or <https://zerowaterday.org/un-water-conference-2023/>

Join our side event where students from schools Bhutan, Germany, Malawi, Scotland, United Arab Emirates and United States of America will present their projects and deliver key messages for Action on Water for Sustainable Development

Students will be joined by speakers from Department of Land Resources Conservation Ministry of Agriculture (Malawi), Mountain Partnership (Italy), UNESCO Chair Global Health & Education (France), UNESCO World Heritage Site Swiss Alps Jungfrau-Aletsch (Switzerland) and local government (Germany).

Organised within the framework of the Mountain Partnership Secretariat

Mountains are the Water Towers of Our World

Mountains and their rapidly disappearing glaciers are the Earth's "water towers," storing and transporting one of the most basic needs for life on Earth: WATER.

Act now! "Children's Call to Action to Protect Mountain Areas from the Impact of Climate Change" was launched by Zero Water Day Partnership with the support of the Mountain Partnership at COP 26 Climate Change Summit in Glasgow 4th November 2021!

Sign-up to the Children's Call to Action to Protect Mountain Areas against the Impacts of Climate Change
